

Offset Satellite Antenna KEA 1000

Features

- Aluminium fold-down LNB boom
- Aluminium powder-coated reflector
- Galvanised sheet-steel rear support
- Galvanised steel mast and clamps (pre-mounted)
- Inox nuts and bolts
- Reflector colours: white, graphite, red-brown

Type	KEA 1000	KEA 1000	KEA 1000
Order no.	20010059	20010060	20010061
Colour	white	graphite	red-brown
Reflector diameter [mm]	970 x 1040		
Reception range [GHz]	10.70-12.75		
Antenna gain at 11.70 GHz [dBi]	39.7		
Half-power beam width [°]	< 1.7		
Cross-polarisation decoupling (in main beam direction) [dB]	28		
Wind load [N]	962		
Adjustment range El/Az [°]	0-80/360		
Max. wind speed [km/h]	180		
Mast clamp range [mm]	30-90		
LNB clamp diameter [mm]	40
