Model	144590
Product name	COB Rechargeble pocket light
Input Voltage	5V
Power	6W
Lumen	680Lm/340Lm/180Lm for COB light
Color Temperature	6000-7000K
Battery Capacity	1* 123655 2500mAh/3.7V lithium battery,
Work Mode	COB:High-Middle-Low-OFF,
	Holding down the power button for 1 .5 seconds turns off the work light.
Body Material	ABS + nylon +PC + Iron
Light Source	COB domestic LED chip
Cable spectication	60CM Micro USB Cable
Charging time	3.5h
working time	3 Hours (High), 5 Hours (Mid) and 10 Hours (Low) (Holding down the power button for 1.5 seconds turns off the work light. If you press the power button again the next time you use it, the lamp will turn on in the light intensity mode in which it was turned off.)
Beam distance	680/36m, 340lm/20m, 180lm/17m
peak beam intensity	680lm/330cd, 340lm/180cd,180lm/75cd
CRI	>70
Tripod height	/
Housing color	Blue+Black
Beam Angle	120°(Rectangular beam)
IP Grade	IP44
Working Temperature	-20° ~ 50°
Warranty	1 years

Certificate	CE ,ROHS
Product size	98x70x37MM
Inner box size	114x43x160MM
Carton size	39x35.5x44CM /24PCS
Net Weight	12.5KGGS
20GP container quantity	11190
40GP container quantity	23184
40HQ container quantity	27190
